

## CALL FOR PAPERS

<http://trust.gzhu.edu.cn/wisa2020/>

### General Chairs

- Baowen Xu, Nanjing University
- Yanming Sun, Guangzhou University
- Ge Yu, Northeastern University

### Program Committee Chairs

- Guojun Wang, Guangzhou University
- Xuemin Lin, The University of New South

Wales, Australia

- James Hendler, Rensselaer Polytechnic

Institute, USA

### Local Chairs

- Hanpin Wang, Guangzhou University

### Forum Chairs

- Chunxiao Xing, Tsinghua University
- Ruixuan Li, Huazhong University of Science

and Technology

### Publicity Chairs

- Xin Wang, Tianjin University

### Publication Chairs

- Wei Song, Wuhan University
- Zhuoming Xu, Hohai University

### Website Chairs:

- Weifeng Zhang, Nanjing University of Posts  
and Telecommunications
- Guanghui Feng, Guangzhou University

**WISA 2020** is organized by the CCF Technical Committee on Information Systems (CCF TCIS) and School of Computer Science at Guangzhou University (Conference pre-id: CCF-20-TC29-01Np). WISA 2020 provides a premium forum for researchers, professionals, practitioners and officers closely related to information systems and applications, which enables them to discuss the theme about Artificial Intelligence and Information Systems, focuses on difficult critical problems, and fosters innovative technology for new application areas of information systems.

**The theme of WISA 2020** is Artificial Intelligence and Information Systems, focuses on smart cities, government Information systems, intelligent medical care, and cyberspace security, and emphasizes the technology to solve the difficult critical problems in data sharing, data governance, knowledge graph, and blockchains.

**The program of WISA 2020** features several keynote talks by famous experts in the important areas of information systems, to share their cutting-edge technology and views about the industrial hotspots. The other events include topic-specific forums, industrial forums, TCIS salon, and PhD forum.

**Topics of Interest**, but not limited to

- Intelligent Decision Making and Information Systems
- Data Fusion and Information Systems
- Machine Learning and Information Systems
- Data Mining and Information Systems
- Blockchain and Information Systems
- Storage Management and Information Systems
- Query Processing for Information Systems
- Information Security and Privacy Preserving
- Medical Information Systems
- Information System Architectures and Practices
- Big Data and Information Systems
- Information Retrieval and Information Systems
- Knowledge Graph and Information Systems
- Visualization Technology for Information Systems
- Recommendation Systems and Information Systems
- Natural Language Processing and Information Systems
- Intelligent Education and Information Systems
- Epidemic Information Systems

The accepted papers in Chinese will be recommended for publication in a number of Chinese journals (see the Chinese conference website for detail). The accepted papers in English will be published in **Springer's Lecture Notes in Computer Science (LNCS)** series.

### IMPORTANT DATES

- **Paper Submission: Extended to June 10, 2020**
- Acceptance Notification: July 17, 2020
- Camera Ready: August 3, 2020
- Conference Dates: September 23-25, 2020

### PAPER SUBMISSION

Submit original manuscripts in PDF format via <https://conf.ccf.org.cn/en/WISA2020/paper>. Papers can be written in Chinese or English. Papers in Chinese should use the template provided by Computer Research and Development (see the Chinese conference website for detail), with at most 7 pages in length. Papers in English should conform to the **Springer LNCS** proceedings format, with at most 12 pages in length. Submitted papers will undergo a "double-blind" review process, coordinated by the Program Committee. To ensure anonymity of authorship, authors must ensure that authors' names, affiliations, funding, and any other identifying information of authorship do not appear on the title page or elsewhere in the paper.

### Sponsor

China Computer Federation (CCF)

### Organizers

CCF Technical Committee on  
Information Systems (CCF TCIS)

School of Computer Science at Guangzhou University
